New Price! They just don't make them like this any more! Solid home built in 1964 with real hardwood floors, a ductless mini-split for added heat and air-conditioning, and a great natural gas fireplace for those chilly nights. There's a carport that makes a covered area between the 2-car garage and the house. An additional little workshop room adds maker space for that hobbyist in you. Conveniently fenced to keep your pets in, and a nice yard in which to add your own flair. TONS of recreational opportunities abound here - hiking, biking, boating, skydiving, road racing, kayaking - you name it, you can do it here in Shelton at the foot of the Olympic National Forest! Come see it!

Built in 1964
