"Buy Land, they don't make it anymore."
Listen, Twain was right, here's your sign! 20 acres of total tranquility in the heart of the Key Peninsula. NO WETLANDS! The Opportunity Zone here lies with the ability to do up to 4 lots (with open space). There's even a well in place to expedite your building timeline. More possibilities include a Hobby Farm, a Single Family Dwelling where you could also add a DADU. This could be a buy and hold as zoning could change in the future. You'll love the slow pace of life out here on the Peninsula. An abundance of wildlife meandering about, Big Sky, Bright Stars, so many memories waiting to be made. Don't miss your chance at the American Dream. It'll take patience but it'll be worth it.
