Lot/Land on 0.18 Acres

Walla Walla, Walla Walla, WA

Vacant lot in good residential neighborhood. Perfect for single family home or build a multi family residence. There is a small ADU that needs a lot of work on the outside but could be renovated for added value. ADU has a separate electrical panel. Electrical updates that were permitted by the city. Water line to the ADU was destroyed when the original house was removed. This is a good lot that was once the location of a lovely home. The original home was destroyed by fire, so there are no capital improvement fees to rebuild a home. That is a huge savings for you. The lot is ready for a new adventure.
