Residential on 0.28 Acres

Angleside, Shelton, WA

Channeling early 1900s Shelton with this character filled tudor home! All the things you love about an old home- hardwood floors, built ins, real wood millwork and antique bathroom fixtures along with the beauty and character that can't easily be replicated! The home makes a statement, situated high on a double corner lot. Walk into the main living area, with alcove ceilings, and a natural gas fireplace, and windows galore, or step into the dining room, with built ins. There are 4 sizable bedrooms, and closets everywhere. A large basement, with 1 car garage. Of course an old home comes with it's fair share of work, and this one is no different, needing updating in many areas, but what a jewel it will be again once completed!

Built in 1926
