ORIGINAL Owner selling her beloved and well-maintained property! Featuring the ease of a rambler, this home has a fairly open floor plan that includes the kitchen with eating area, the living room with the wood stove insert, and a family room on the other side of the eating area. There are the 3 original bedrooms plus the single car garage that has been made into a good size bedroom with a 1/2 bath. This can be easily used as any sort of room or converted back to a garage. Many updates were done in 2015 throughout the house as well as the roof. Hot water tank is new along with insulation in the attic and cleaned up in the crawlspace. A large, fully fenced back yard with a play structure and 2 storage sheds complete the package.
