Step back in time...1907 was a busy time in Walla Walla and many of our vintage homes are here to tell the story of creative design and lives well-lived. Easy flowing floorpan featuring 2 fireplaces, garden sun room where you can hear the sounds of Mill Creek, 2 staircases, one in the gracious entry and one from the kitchen perfect for sneaking down for a midnight snack! Time has etched its mark on this home giving room for your creative touch. Windows allow light to flow through the home at all times of the day. Bathrooms on every floor, A/C that cools even the top floor bedroom! Nice sized yard, located at the end of the street, foot bridge crosses Mill Creek to Whitman campus.
