Residential on 0.03 Acres

Ballard, Seattle, WA

Say goodbye to skinny townhomes for good. This bright and spacious Ballard stunner has room to breathe!! At the heart is the rare and coveted kitchen island, featuring quartz counters, stainless steel appliances, and modern pendant lighting. But unlike most newer builds, there's still room for a full living area and a proper dining setup. No compromises on comfort or functionality here! And whether you're living with a roommate or just love having options, the two en suite bedrooms upstairs are a total win. Off the lower-level bedroom which is a great home office spot, the dreamiest deck awaits. Tree-canopied, private, and strung with lights, it feels like your own secret garden in the city. Sip, dine, or chill, it's all possible here.
