A rare opportunity to own a true architectural masterpiece. Designed by noted architect Van Slyck and honored as the Seattle Times Home of the Month (November 1961), this mid-century modern jewel balances timeless design with everyday comfort. Nestled in a private woodland setting on Thornton Creek, the home’s clean lines, walls of glass, and thoughtful details celebrate the best of MCM aesthetics. Expansive windows open out to one of Seattle’s most enchanting natural settings. Just blocks from Meadowbrook Pond, a vibrant community center with pool, public transportation and top-rated schools.
